

Disaster Relief Information

Source: Arkansas State Chamber of Commerce/AIA

Many of you have asked how to help the victims of Katrina. Some of our member companies and friends are already trying to meet some of the needs. Their information follows, in no particular order, along with other opportunities for service and key websites or contacts that we have compiled from several sources. You may want to share this information with your members, churches or other contacts.

Have a Full-Time or Part-Time Job You Can Offer?

The Governor's office and Department of Workforce Services request that all employers make a concerted effort to list, without delay, any part-time jobs (and of course full-time jobs) they can make available to those adversely affected by Hurricane Katrina. The employers may contact any local employment office, or they may use Arkansas' Job Link at www.arjoblink.arkansas.gov.

Household Items and Beds Needed

The Salvation Army in Little Rock is attempting to provide household items and beds for 25 displaced families. These families have been provided subsidized housing by the government. The following items are priority: mattresses and box springs, kitchen dishes and glass ware, pots and pans, towels, sheets, cleaning supplies and any other item necessary to set up a household. Also, gift cards for clothes purchases would be greatly appreciated. All donations could be tax deductible. Please bring all household items, gift cards and cash donations to The Salvation Army 1111 W. Markham. For donations of mattresses, box springs and or bed frames, please call Brenda at 374-9296, ext. 711.

The Salvation Army is also in need of cash donations for their hurricane fund. Or if you prefer for your donations to be used for evacuees in your community you may purchase gift cards from local grocery stores, Wal-Mart, Sam's, etc. If you take them to your local Salvation Army office they can write you an official receipt for the donation for your tax records.

Hosting Families

The Little Rock Convention and Visitors Bureau (LRCVB) helping with hosting families and entertain them. LRCVB is monitoring hotel availability within the city and will continue to do so through Friday, September 2 from 7am-7pm. The Helpline provides information on hotel availability, pet-friendly hotels and other general visitor information.

Since many of the refugees are families, Little Rock CVB has worked with Little Rock attractions to help keep the children entertained for FREE. Refugees can show a valid Mississippi or Louisiana drivers license and entry fees will be waived at the following: Little Rock Zoo, Museum of Discovery, and the War Memorial Fitness Center. Little Rock Parking Enforcement will not be issuing parking tickets this week to cars with Louisiana or Mississippi license plates.

Guests Register With FEMA

One of the things we were all strongly encouraged to do is ask our guests to register at www.fema.gov <<http://www.fema.gov>> . This does a couple of things. They can get information from the coastal areas since there are no phones, and it registers them as being somewhere safe if they have loved ones looking for them. FEMA can track where these people have fled since leaving the hurricane. Or they can call 1-800-621-3362.

EMS folks are saying the things that people need are water and juices. Preferably NO soft drinks. They need CANNED foods not just non-perishable foods. Non perishables that have to be cooked will do them no good. email contact: kim@desotocountytourism.com

Where to turn for information, how to help

(CNN) -- Disaster response officials are urging evacuated residents not to return for at least a week to areas. Officials are asking people not to contact local fire and police agencies, which are busy responding to emergencies. Instead, disaster officials recommend the following Web sites and phone numbers:

Next of Kin Registry

* American Red Cross <<http://www.redcross.org/> (800-229-819, 1-866-GET-INFO or 866-438-4636)

* National Next of Kin Registry <<http://www.nokr.org/>>

Property damage and temporary housing

Claims can be filed with the Federal Emergency Management Agency (FEMA).

Because phone lines remain down in some areas and disaster response officials are overwhelmed, officials are asking that callers be patient.
